

Presidential Grown...Everything Presidential.

Prezi stands up for the mistreated incarcerated.

Boston, Feb 4, 2019 (Issuewire.com) - Prison reform has been a very serious issue in the black and Hispanic community. For decades prisoners have been mistreated and abused by a prison system resembling more slavery and oppression than reform and rehabilitation. Every great cause in history always has its catalyst here enters **PREZIDENTIAL GROWN**. Also known as Prezi, Prezi is a Rapper and Philanthropist from Boston who knows very well the ugly side of the prison system. Bringing

attention to the recent issues at MDC in New York Prezi continues to bring awareness to this cause.
