

Save Money while Shopping Online with RateX

Singapore, Feb 1, 2019 (IssueWire.com) - Online shopping has made our lives really easy. Thanks for the innovation, buying groceries, ordering food online, booking a ticket and other daily affairs have become a piece of cake today. Adding another air of convenience to the benefits of online shopping, RateX has stepped forth with its extension tool.

Founded in 2016, this fintech startup is an browser extension that provides promo codes, cashback and coupon codes to make online shopping a pleasant and more efficient affair.

Following its simple step-by-step process, RateX comes with multiple features such as highlighting supported stores, activates clovers that are cashback points, applies the best promo codes at checkout. Also, it has a drop-down to compare exchange rates. With all these brilliant features, RateX is slowly becoming one of the most reliable extension tool.

When it comes to online services, [Uber promo codes](#), [Foodpanda promo codes](#), coupon codes and cashback offers for leading marketplaces can be availed at RateX.

For further details and to install the extension, visit the website www.rate.com.sg.
