

Seer Tells the Story of the Future in New Spiritual Book

Author discovers and shares his gift of foresight

Greenville, Feb 7, 2019 (IssueWire.com) - Young author Auhmein Green shares his gift of seeing what lies ahead in his spiritual book, "[Behind the Eyes: Behold, the Dreamer Cometh](#)."

Over the years, history has documented people who possess extraordinary abilities. Green discovered his unique ability during his own spiritual journey. He believes that God reveals the future to him in his dreams.

The book is a meaningful course on prophecy and dreams. Green takes the reader with him into the dream realm. Going far beyond the physical world, his vision is cast in vivid detail in his work. Readers will experience the entirety of the author's life including many of his struggles and internal battles in the book.

Green is also an advocate for people who have the same abilities as him. He points out the tell-tale signs of a dreamer and describes the kind of societal backlash they may experience when they speak up. *Behind the Eyes: Behold, the Dreamer Cometh* seeks to caution non-believers. He hopes the book will make people realize that when dreamers decide to share a prophecy, the world should heed to it. "Fantasizing or overlooking such notions benefit no one," says Green. He adds that the key to the future lies in the minds of the gifted few.
