

Tarasafe offers new range of Molten Metal Protection

Ahmedabad, Feb 18, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Tarasafe is excited to announce the addition of a new range of garments to their molten metal clothing line.
(<https://www.tarasafe.com/molten-metal-protection.html>)

Featuring FR coveralls, work wear, outerwear and more, the Tarasafe molten metal line brings a proven name in protective apparel. Molten Metal Protection is highly engineered garments blend with a super-soft, lightweight feel, and flexibility. It is designed to deliver premium protection against molten metal splash, radiant heat, flame, and other smelting hazards.

Molten metal clothing by Tarasafe provides durability, comfort, and protection. Garments in this range include dress uniform shirts, basic utility button-down shirts, [flame resistant jackets](#), work pants, and coveralls round out the daily wear line. The molten metal splash clothing line offers a more comfortable and cost-effective alternative to many existing options.

“No other product on the market can match it. On-the-job comfort and durability make Molten Metal Protection an outstanding value and the best choice among thermal-resistant and metal-shedding clothing. The protection level ranges from E1 to E3 and D1 to D3. It comes in various fabric and garment design options” said Basant Lohia, managing director of Tarasafe International.

About the company:

Tarasafe® is an ISO 9001:2008 certified Indian company and has globally positioned itself as a specialist, providing complete solutions in flame retardant protective clothing. The products offered by TaraSafe® meet the stringent international norms for Personal Protective Equipments (PPE) and the garments are CE certified as well. In addition, some products are also tested and certified as per the various NFPA / ASTM norms.
