

The Fusion of Alternative and Indie Lead to the Creation of ‘I See You’ by Barrett Hemmings

The intense level of passion imbibed in ‘I See You’ by Barrett Hemmings can’t be compared to any other tracks out there in the industry. It is trending everywhere.

Rapid City, Dec 31, 1969 (IssueWire.com) - Taking you to give a taste of his life’s journey is none other than the passionate artist **Barrett Hemmings**. He is not only a singer but a songwriter as well and his track ‘**I See You**’ is one of his best creations yet. The artist believes in communicating with

the world through his music he does exactly so. Hailing from the USA he takes influences from his daily life activities while composing his tracks. He has been singing all through his life and the theme **Barrett Hemmings** use is easy for anyone to relate to.

The track '[I See You](#)' can easily be described as a sensuous and romantic track. The artist Barrett Hemmings speaks about meeting his love for the first time through this. The beginning of the track is soft and has a flawless melody throughout. The sentiment of the artist **Barrett Hemmings** is clearly understood through '**I See You**'. The instrumental backdrop is kept subtle so that the artist's voice can stand out among everything else in the track.

Barrett Hemmings uses his compositions to encourage others into speaking their mind too. His other track '1984' deal with something similar but '**I See You**' is far superior to it based on its composition and melody. The song itself has an unlimited sense of appreciation and emotions filled into it. It is a track that you enjoy with your partner. In fact, it is so captivating that the audience will be hooked to it. **Barrett Hemmings** connects with his fans through [Facebook](#), [Twitter](#) and [Instagram](#).
