

# The Single Use Paper Company Shares Why They Should Be Your Go-To Provider Of Paper Straws

**Crook, Feb 11, 2019 ([IssueWire.com](http://IssueWire.com))** - The Single Use Paper Company ([singleusepaperco.com](http://singleusepaperco.com)), a renowned importer of environmentally-friendly paper products, continues to strive in the business of providing quality paper straws. These are specifically designed for use in the hospitality industry such as hotels, restaurants, bars and more.

Because of the harmful impact of plastic materials to the environment, more and more commercial establishments are now starting to switch from plastic to paper straws. Clearly, this is one important step to making the planet a safer place to live in and this notion is 100% supported by The Single Use Paper Company. Which is why they keep on delivering eco-friendly and top quality items to all of their clients.

This company is known for its range of paper straws that are 100% recyclable and compostable. This only means that zero plastic was used in the production of their products and even the inner and outer packaging is made from paper. But aside from their full commitment to supporting the environment, another reason why they are the choice of many entrepreneurs is that of their bulk prices. This allows a lot of people to get quality products without going over their budget.

For the pricing structure, clients can check out this section of the company's website: <https://singleusepaperco.com/pages/shop-here/>. Meanwhile, for those who want to try the paper products from The Single Use Paper Company, they can send six individual paper straws directly to the interested parties upon completing an online form. There won't be any charge as the company is confident that everyone will be happy and satisfied with their products.

Furthermore, The Single Use Paper Company takes pride in its varied range of paper products. Items are available in two lengths – 200mm and 140mm; and different colors including solid black, lime green and white striped paper, solid white, red and white striped paper and so much more. In case items in assorted colors are preferred, the company has the 'Mix and Match' offer which allows clients to mix their orders of any paper straws in the website.

Aside from [paper straws bulk](#) items, The Single Use Paper Company also have bar accessories on offers like bamboo skewers, cocktails napkins, and wooden muddlers, to name a few. There will be more products to follow over time so to become updated about these offers, check out their website at [singleusepaperco.com](http://singleusepaperco.com).
