

TrafoNet SIA Announces Participation in Trade Mission to Singapore

INTERNATIONAL
TRADE
COUNCIL

Piltene, Feb 21, 2019 ([Issuewire.com](http://www.Issuewire.com)) - TrafoNet SIA today announced that it will be participating in the International Trade Council's Trade Mission to Singapore from March 25 to March 28, 2019.

TrafoNet SIA was founded in 2009 to provide consumers with high-end transformers and other industrial electrical equipment. The transformer range includes distribution (oil or dry) transformers, power

transformers, special transformers, isolating transformers and other transformer types with a power range up to 40MVA and a voltage level up to 145kV.

"The Trade Mission to Singapore presents an invaluable opportunity for TrafoNet SIA to continue forging lasting international relationships and to promote ongoing bilateral cooperation with companies in Asia," said Edgars Jakobsons, Building Department Manager. "TrafoNet SIA's participation in this Trade Mission will grow TrafoNet's position as a market leader in the industrial electrical equipment field."

Included in the trade mission will be a series of networking events, seminars and presentations about business opportunities in Singapore, on-site visits and business-to-business meetings arranged by the International Trade Council.

During the trade mission TrafoNet SIA will also be an invited guest at Internet of Things Asia (<http://www.internetofthingsasia.com>) – an award-winning event, bringing together solutions providers, technology heads, design/solution architects, engineers, academic institutions, investors and start-ups together for an enriching learning and sharing experience.

Companies wishing to schedule a meeting with TrafoNet SIA during the visit may contact the Trade Council's office in Singapore or email sing-mission@tradecouncil.org. For more information about TrafoNet SIA please visit www.trafonet.lv

About the International Trade Council

The International Trade Council is a 64-year-old peak body Chamber of Commerce representing government export agencies, chambers of commerce and industry associations and businesses from 176 countries. The Council works with businesses to introduce them to new markets, understand the competitive landscape, find new customers, understand potential technical barriers to trade and meet the challenges of expanding in new and/or competitive environments. Council members include 19 national chambers of commerce, 59 state chambers of commerce, 73 government export agencies and 314 local business associations and chambers and approximately 28,800 direct corporate members.

About TrafoNet SIA

Since 2018, TrafoNet's portfolio includes products from a high-voltage transformer to a socket in your home. The company provides supply of electric materials in three sectors: the construction, industry, and energy sector. The big focus is set on EV charging station development and E-bicycle charging station development. Also, we develop and provide a wide range of electrical panels for many industries. The newest product in the portfolio is pneumatic panels.
