

## A Little Shoe Goes A Long Way! Bada Boom Baby launches a new on-line children's shoe store!

**Los Angeles, Mar 11, 2019 ([IssueWire.com](http://www.IssueWire.com))** - The Team at Bada Boom Baby is proud to announce our company launch! Bada Boom Baby is the inspiration of a beautiful couple who had just welcomed their first child. As they stepped into the role of proud Momma and Poppa, they realized how important supportive baby shoes or “first walkers” became in their child’s development.

As new parents, there are so many new things to navigate. Life becomes full of joy while also working at managing the copious moving parts inside a daily schedule. Shopping for your children can become quite a task. That’s why having an easy to navigate online children’s shoe store is so impactful...what a time saver!

Currently, Bada Boom Baby has shoes ranging in size from zero to eighteen months. There is a variety of baby shoe styles and colors to choose from offering the perfect fit for your little prince or princess. The focus is on “first walkers”. These shoes are highly important to the development of your child’s stability and ability to crawl and walk with ease and proper support.

The trend of entrepreneurship is clearly on the rise. That’s why it was so important to The Founders of Bada Boom Baby to ensure that as a company they were giving back to a community of people who needed support. As a heart-centered family brand, Bada Boom Baby is committed to shedding the light on an amazing children’s organization. That organization is The BumbleBee Foundation.

<https://www.bumblebeefoundation.org/donate/>

The BumbleBee Foundation is on a very profound mission to support families while they navigate a pediatric cancer diagnosis. The Bada Boom Baby Founders are taking the launch of the online children’s shoe store as an opportunity to give back. Bada Boom Baby will be donating a percentage of all children’s shoe sales directly to The BumbleBee Foundation.

Bada Boom Baby is here to support parents by creating an effortless online children’s shoe shopping experience while also helping families in their community. Knowing that a little shoe really goes a long way! <https://badaboombaby.com>
