AI Machine Learning Company DxMinds is all about to enter Dubai Market!!

DxMinds offers wide range of services in AI, Machine Learning,Mobile App Development Block chain etc.

Bengaluru, Mar 18, 2019 (Issuewire.com**)** - DxMinds, the leading company among Mobile apps development companies in Bangalore, is all set to offer services in the Dubai market. "Even though Dubai is a city of new opportunities, many companies struggle in getting the best mobile app development services. This prompted us to focus more on the Dubai market", told Mr Mike, COO of DxMinds.

DxMinds recently expanded its services to European countries as well. The company is now busy developing unique AR/VR solutions to a Korean based company, which DxMinds claims will be a pure innovation. It was informed by company officials that it will be declared soon as the project is now in its final stage.
