

Are Our Laws Being Used to Deprive Instead of Protecting Our Citizens?

New book tackles the lack of sufficient knowledge of the law among citizens

Tucson, Mar 18, 2019 ([IssueWire.com](http://www.IssueWire.com)) - "[The Axiom of the United States and America.](#)" written by Vince Scaramozzi, is an educational tool designed to help lessen ignorance of the law among citizens in the US. The book will equip readers with the essential knowledge of what a person should and shouldn't do. Scaramozzi believes that the fundamentals of Constitutional Law should be common knowledge and should be introduced early on, in both public and private educational sectors.

"History and Civics about our Constitutional Republic all laid out to you concisely! A very educational

read that should be a mandatory read starting on High School!” exclaims an Amazon customer, who gave the book a 5-star rating.

Vince Scaramozzi had a meet-and-greet session at the [Tucson Festival of Books](#) held at the University of Arizona campus last March 2 to 3, 2019.
