

Consultant Releases Biography Paying Tribute to Departed Wife

Author celebrates and honors memory of beloved wife

Los Angeles, Mar 25, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Pradeep Berry's "[My Connie](#)" is a poignant biography honouring the memory of the author's late wife. The book is also a celebration of the couple's love.

In this memoir, Berry recounts the wonderful moments he shared with Connie in their 41 years of marriage. He then affectionately describes Connie's qualities and her admirable personality. While a big part of the narrative focuses on Connie and his undying love for her, the book also details the author's grieving process, which aptly conveys his pain, anger, and sorrow.

“The strength of this book is not about her death, but about her life seen through the eyes of one devoted husband. It’s a tribute well-worth reading,” shares Pacific Book Review.

Berry will be having a meet-and-greet session at the [Los Angeles Times Festival of Books](#) to be held at the University of Southern California this coming April 13-14, 2019. He will be signing copies of his books at Authors Press’ booth number 937. Festival goers and readers from all ages will get a chance to learn more about the author and discuss her work and inspiration in person.
