

Dentist Margarita Degtyareva Provides Services for the Greater New York Area

Get to know Dentist Dr. Margarita Degtyareva, who serves the New York City tri-state area at her private practice, Always Beautiful Smile.

New York City, Mar 7, 2019 (Issuewire.com) - Dr. Degtyareva specializes in "Full Mouth Rehabilitation," combining expert prosthodontic skills with advanced cosmetic and dermatological techniques to give her patients an extraordinary new smile. Dr. Degtyareva opened her practice in 2004 to help patients improve their lives and their dental health. Together with her team, she has invested in

CEREC technology that allows for a faster experience when patients need crowns, fillings or veneers. With CEREC, there's usually no need for a temporary and return visit. Everything is done in one appointment, in about an hour.

Dr. Degtyareva is a 2002 graduate of New York University College of Dentistry in New York City, New York. She completed additional education at The Belarusian State Medical University in Minsk, Belarus, her native country, in 1989. She also has completed extensive post-graduate dental and medical education, including: Essentials of Esthetic Dentistry at Columbia University, Full-Mouth Rehabilitation: Conventional and Implant Prosthodontics at NYU and Injectable Pharmacologics, Dermal Fillers, and Neurotoxins at the American Academy of Facial Cosmetics.

Dr. Degtyareva has been honored as a Fellow of the International Congress of Oral Implantologists and is a member of the American Dental Association. As a result of her compassionate attitude, patient centric philosophy, and commitment to excellence in all facets of dentistry, Dr. Degtyareva, has been honored with a 2016 Top Doctor Award.

General dentists provide a wide array of services that are vital to patients' continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such as teeth whitening, cosmetic bonding - even porcelain veneers. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.

Dr. Degtyareva speaks Russian in addition to English, an attribute that allows her to treat a wider range of patients in optimum conditions. When she is not seeing patients, she enjoys spending time with friends and family members.
