The featured brand is high quality, luxury swimwear, made in Canada with recycled fabric! Each piece is reversible and made with function, quality, comfort and style in mind.

Vancouver Fashion Week is the fastest growing fashion week in the world and the only industry event that actively seeks out to showcase international award-winning designers from over 25 global fashion capitals. Since its inception 18 years ago, VFW has operated with a firm belief in being a well-grounded local initiative with global instincts and intuition.

“At Vancouver Fashion Week, diversity really is our greatest strength. We bring together the most incredible design talent from across Canada and around the world, presenting the most forward-thinking creative concepts to the industry. Fashion is a truly global phenomenon and its so inspiring to see such a strong mix of designers all under one roof here in Vancouver.” says Jamal Abdourahman, producer and founder of Vancouver Fashion Week.

Emelia's Swimwear uses the highest quality, recycled fabrics from Italy that are durable, salt water and chlorine resistant, SPF protectant, quality tested by Olympic athletes and soft to the touch. The places Emelie has travelled is the inspiration behind the colours chosen; ranging from earth tones to vibrant, bright, happy colours that will be sure to turn heads. Emelie chose to incorporate modest mesh inserts, playful zippers and feminine belts and braids on her designs, keeping each piece a balance between functional and stylish.
