

Evelina Grayver, MD, Director of Coronary Care with North Shore University Hospital

Get to know Director of Coronary Care Dr. Evelina Grayver, who serves patients in Manhasset, New York.

New York City, Mar 18, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr Grayver specializes in cardiology, a branch of medicine that deals with the disorders of the heart as well as some parts of the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease and electrophysiology. As an attending cardiologist, Dr Grayver helps to prevent, diagnose, and treat cardiovascular diseases, all the while promoting heart health. Her patients have great things to say about her, one stating “Dr Grayver is simply amazing. She genuinely cares about you and listens to all your concerns. It’s very hard to find doctors with such high morals and great respect and I’m glad I did. Highly recommended!”

Currently, Dr Grayver serves as the Director of Critical Coronary Care Unit at North Shore University Hospital in Manhasset, New York. North Shore University Hospital is a leader in providing patient-centered care while maintaining a focus on the highest quality of clinical outcomes. The Hospital has 764 beds and a staff of approximately 2,800 specialty and subspecialty physicians. It offers the most advanced care in all medical specialties—including open-heart surgery, cardiology, urology and maternal-fetal medicine—using state-of-the-art facilities, equipment and technology. Core values of caring, excellence, innovation and integrity serve as the foundation for the mission and ultimate vision of Northwell Health: “Be better tomorrow than we are today.” Under her supervision as the Director, the unit has received the Beacon Award of Excellence in 2018. The awards sets the standard of for excellence in patient care environments by collecting and using evidence-based information to improve patient outcomes, patient and staff satisfaction, and credibility with consumers.

In addition, Dr Grayver’s clinical interests include preventative cardiac care for women, cardiac care for high-risk pregnancy patients, preeclampsia-associated heart issues, and care for women with postpartum cardiomyopathy.

Dr Grayver is also an Assistant Professor at Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. She frequently teaches at the medical school and runs a specialized cardiac critical care elective for medical students. She is affiliated with Long Island Jewish Forest Hills and Long Island Jewish Medical Center.

Dr. Grayver is board-certified in both Cardiovascular Disease and Internal Medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. Certification has meant that internists have demonstrated – to their peers and to the public – that they have the clinical judgment, skills and attitudes essential for the delivery of excellent patient care. Furthermore, Dr Grayver is a Fellow of the American College of Cardiology (FACC). The fellowship is one of the most distinguished designations the American College of Cardiology offers its members and is the ultimate recognition of professional achievement.

Dr Grayver received her medical degree from SUNY Downstate College of Medicine. Thereafter, she went on to complete her residency and fellowship training with North Shore University Hospital where she also served as both Chief Resident and Chief Fellow.

Dr Grayver speaks English and Russian.
