the best Survey Magento 2 extension is brought on the list by Elsner Technologies.

Survey Magento 2

Catalina Foothills, Mar 8, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Being a certified Magento Partner, it is our prime duty to facilitate our valuable customers with the best resources possible and available with Magento.

Available now, the **Survey Magento 2** extension is brought on the list by Elsner Technologies. This survey extension enables you to launch numerous customer polls to find out the popularity of the products.

The launch of Survey Magento 2 extension (<https://www.elsner.com/magento-extension/survey-magento-2>) is a first-of-its-kind that facilitates poll conduction.

Elsner wanted to do something different for the businesses and, customer demand analysis seemed to be the first step towards success. This extension allows you to launch numerous poll conduction and know about the products gaining popularity.

This advanced feature helps you to get closer to your customer, acknowledge their problems and provide them with solutions. The extension is compatible with Magento 2.1x, 2.2x. The extension is easy to manage and helps you understand the customer's thought over the product. It is one of the best tools to increase sales and enhance the customer's shopping experience.

"The priceless data collected with the survey will help you offer only relevant products to the customers and thereby an increase in the conversion rate. The handy tool allows you to experiment with the formats and select the best that fits the requirement." Elsner excerpts.
