

# Hearing Aids Market by Product And Application - Global Analysis & Forecast 2019-2030

Pune, Mar 7, 2019 ([IssueWire.com](http://www.IssueWire.com)) - **Hearing Aids Market Overview of the Report:**

The global [hearing aids market](#) is anticipated to grow at a CAGR of above 5.0% during the forecast period. Hearing aids are devices which amplify sound and assist individuals suffering from hearing impairment. Few of the constituents of these devices include, a microphone, for picking up sound, an amplifying circuit for relaying the sound louder and a miniature speaker which delivers the amplified sound to the ear, and finally, a battery to power the electronic components.

The global hearing aids market is driven by increasing incidences and prevalence of hearing loss, focus of market players in introducing new and innovative products and availability of rising geriatric population are some of the major factors driving the market. However, high cost of device is likely to restrain the market to certain extent.
