Midlothian, Dec 31, 1969 (Issuewire.com) - **AyeFib** is an independent hip-hop artist of a differential flavor who is putting together his flairs of qualitative and quantitative musical independence and coming out with a weighty sound stream of groovy tracks. His new songs '100' and 'Ill B Str8' are the new fashionable hip-hop exemplifiers of contemporary rap and hip-hop. Encompassing the

emotional and honest linguistic flow through his lyrical outburst clubbed with the crackle of bouncy beats, AyeFib is a true artist ready to mystify the world with his work.

Neil Theilgaard, who goes by the stage name **AyeFib** is based out of Chicago and imbibes the authenticity of the west coast flavor in his songs, making them into a personal saga of life's dynamic endeavors.
