

Is Jarrod A. Freeman okay he recently released a controversial post

What is Agenda 1564?

Melbourne, Mar 4, 2019 (Issuewire.com) - Jarrod A. Freeman (Ceo Of Triptekt Productions & NsNs) has recently released a somewhat controversial image. Relating a Freemason symbol references.

The logo states of a 4 digit number "1564" and a somewhat Mantra versed as "Honour, Love, Respect."

It does indicate a pyramid and has been broadcasted on Youtube. Twitter. Instagram. With tags. For mental health and awareness. No real indication of any Satanic ideologies.

Same goes for the Stellar 10 10 artwork has a Freemason Eye symbolic eye.

Was it just a simple a miss click upload? Or does Jarrod know something we do not know? What is 1564? And is he exposing? Or is it just a joke?

You decide.
