

## Joshua Dinnerman's it-techview features Google

**Mountain View, Mar 14, 2019 ([IssueWire.com](http://IssueWire.com))** - Joshua Dinnerman developer and producer of It-tech view has created an industry update area on the site and is featuring Google information.

The information is about new offerings from leading companies.

Joshua Dinnerman commented" It is exciting for IT-tech view to be able to feature information on leading companies like Google.Google is such a powerful resource and a great company and brand.

They are a trendsetter and we look forward to covering them more:

Joshua Dinnerman came into media scene with his first publication Golfview in 1993 and has been also known for various media brands in travel, sports and academia.
