Vancouver, Mar 5, 2019 (IssueWire.com) - Local North Vancouver juice startup (Mama Juice Co.) has been invited to encourage health & wellness at the world-renowned TED conference in Vancouver. Mama Juice will be setting up an interactive juice bar and serving their delicious juice offerings to the global attendees in April, 2019.

The concept behind Mama Juice Co. is a simple one; **to provide a healthy, nutritious alternative to our busy lifestyles**. “This is where the journey began,” says Hoda Negin (CEO and Founder) of Mama Juice Co. “*But where we ended up and where we are heading, is far from here.*”

In the two years since its inception, Mama Juice Co. has attracted a multitude of distribution opportunities and has developed an impressive corporate catering resume. Having catered events with brands such as Chanel, Shopify, Ted Baker, and Sierra Wireless, Mama Juice Co. is poised to go to the next level with TED.

Often sought by large corporations and home delivery customers alike, Mama Juice Co. is recognized as a high-quality product and brand. “*We’re not your average juice company. Our recipes have all been formulated by our in-house dietitian Shannon Smith and we have a lot to offer in the upcoming year. Mama Juice Co. has also teamed up with Shannon to launch our new chilled-drinkable soups in the coming months,*” Hoda confirms.

TED2019: Bigger than us is set for April 15-19 in beautiful Vancouver, British Columbia. The stage is set to deliver another unforgettable event packed with mainstage talks, workshops, and activities.

Mama Juice Co. will introduce a health-conscious interactive juice bar experience to this year’s attendees.

Spearheaded by Hoda, the Mama Juice team will be offering a variety of refreshing flavours over the duration of the week. “*We are working with TED to offer an interactive and informational juice bar experience. We want to educate people on the importance of introducing a healthy non-pasteurized juice option into their diet, and to ensure that they are consuming their recommended daily intake of fruit and/or vegetables.*”
