

New PEMF therapy systems by TeslaFit for Chiropractors & Wellness Centers

TeslaFit PEMF releases 6 new models of it's Pulsed Electromagnetic Field therapy machines for Wellness & Therapy centers.

California City, May 21, 2019 (Issuewire.com) - We are pleased to announce the release of TeslaFit version 2 PEMF systems. Delivering higher energy and a more optimized and effective PEMF experience, the latest range of new PEMF therapy machines from TeslaFit are a huge step forward in making high-intensity PEMF therapy more accessible and economical for therapy centers worldwide.

Our team includes PEMF doctors and experts that have over 30 years of experience in using PEMF professionally and have served thousands of clients worldwide. Help your patients manage pain and recover faster than ever with the new TeslaFit. Accelerate recovery and improve performance with this therapeutic device.

Nikola Tesla never wanted to commercialize electricity but was of course very much interested in making this world a better place, and we take that motto to heart here @ TeslaFit. We won't tell you what to charge your clients per session, we think PEMF is a boon to mankind and should be used knowing that it will transform people's lives, the TeslaFit is priceless!

A new model, the TeslaFit Duo for chiropractic practices and pulsed therapy centers is available now! Allowing you to use 2 high-power applicators at the same time. TeslaFit Duo is the newest high-intensity PEMF therapy device with two channels providing the ability to use two applicators. The TeslaFit Duo PEMF device is effectively two machines within one and has a peak output of 5460 Gauss per channel.

TeslaFit PEMF delivers some of the world's most powerful ringer-type PEMF therapy machines for rapid

recovery & regeneration. Professionals like chiropractors, bone health professionals, physical therapists, and natural health professionals can choose the TeslaFit for its power, quality, reliability and technical superiority. Receive free training & personalized support. Visit us on <https://teslafit.com>
