

RoboGarden Inc. Partners with AWE Learning on Launch of Platinum

Chester, Mar 18, 2019 ([Issuewire.com](http://www.Issuewire.com)) - AWE Acquisition, Inc. dba AWE Learning, is excited to announce its recent partnership with RoboGarden Inc. Headquartered in Chester, Pennsylvania, AWE Learning is the leading provider of digital learning solutions for public libraries throughout the United States and Canada.

AWE Learning's newest products, Early Literacy Station™ Platinum, Bilingual Spanish Literacy Station, and AfterSchool Edge™ Platinum, each include more than 75 new software titles, spanning all STREAM subject areas (Science, Technology, Reading, Engineering, Arts, Math) for early learners. We are excited to offer RoboGarden on our Platinum workstations. RoboGarden is a learn-by-doing game-style, intelligent eLearning environment. It offers students and instructors a fun, easy, step-by-step way to learn, develop, and teach STEAM and coding courses. The platform covers the basics to advanced coding concepts.

Through AWE Learning's partnership with RoboGarden, their coding software titles will reach a larger audience and will positively impact early learners. RoboGarden's educational activities help young learners to build school readiness skills, lead them to be successful in the classroom, and in their future. "We believe that RoboGarden will create bright new opportunities for individuals and entire communities. Coding literacy is an essential driver of success in the digital economy. Cities with a critical mass of programmers have a distinct advantage," said Dr. Elhabiby, CEO of RoboGarden.

AWE Learning President & CEO, Dr. Deborah B. Sorgi, said, "We are delighted to partner with RoboGarden. Companies like RoboGarden offer a variety of premier educational content for our target age group and markets. Learning doesn't only take place in the classroom. In today's global and connected world, critical skills are learned and mastered all day long. By addressing the foundational literacy skills of early learners, we're lowering the need for intervention programs. And we're giving every child access to unlimited opportunities to grow and connect. We have no doubt that young patrons everywhere will greatly enjoy interacting on these exciting new titles."

About AWE Learning (<http://www.awelearning.com>)

AWE Learning provides comprehensive digital learning and early literacy solutions for young children in public libraries across the United States. Our mission is to inspire an enthusiasm for learning by supporting school readiness and literacy in the community. Through our dedication to high quality, STREAM-aligned content that is easy to use, we collaborate with libraries to highlight their role as community leaders in the pursuit of learning.

About RoboGarden Inc. (<https://robogarden.ca/>)

RoboGarden Inc. is a one Stop Education Technology (EdTech) company that digitizes science, technology, engineering, art, and mathematics (STEAM) content and teaches it throughout computational thinking and coding concepts using an interactive intelligent online platform for all ages. RoboGarden faces the challenges of helping non-technological communities of different ages transition into the challenging new digital skills era. The essential content of the released product is broken into grades (K-12). Based on demand from several post-secondary institutes in Canada and internationally, RoboGarden is expanding its platform for older students, namely continuing education.
