New York City, Mar 8, 2019 (Issuewire.com) - Dr. Zafarano currently practices as a Dentist with her private practice Desert Heights Family Dentistry. She holds expertise in dental implants, cosmetic dentistry, cosmetic veneers, teeth whitening, pain treatments, craniofacial pain, dentures, bleaching, general dentistry, dental crowns, and tooth extractions. Her patients have wonderful experiences with her, one stating, "Dr. Zafarano is the best dentist I've ever had. Her and her staff are meticulous, gentle and excellent at their jobs. I've told the doctor that she's a tooth artist! Wonderful overall service from such nice people!"

Dr. Zafarano completed her undergraduate degree with a Bachelor of Science in Medical Biology with the New Mexico State University in 1992. Furthering her education she then attended the University of Colorado Health Sciences Center with a Doctor in Dental Sciences in 1998, giving her over two decades of experience in her field.

General dentists provide a wide array of services that are vital to patients' continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such

as teeth whitening, cosmetic bonding - even porcelain veneers. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.
