

Adaobi Nwaneshiudu Obasi, MD, PhD, Dermatologist & Dermatopathologist with Cutis Wellness Dermatolog

Get to know Dermatologist & Dermatopathologist Dr. Adaobi Nwaneshiudu Obasi, who serves patients in Laredo, Texas.

New York City, Apr 22, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr Obasi is the Medical Director of Cutis Wellness

Dermatology & Dermatopathology, PLLC, located in Laredo, Texas. The practice is dedicated to helping patients achieve their best skin health by offering them the best dermatologic care and education. As a board-certified dermatologist, Dr Obasi uses evidence-based medicine to provide the most appropriate, optimized treatment plan for all patients' skin conditions.

Dr Obasi received her medical degree from the Lewis Katz School of Medicine at Temple University. Thereafter, she went on to obtain her Doctorate (PhD) in Microbiology and Immunology. Dr Obasi also completed her residency in dermatology and her fellowship training in dermatopathology at the University of Chicago Medical Center. Furthermore, she completed an internship at Crozer-Chester Medical Center.

Dr Obasi is a member of the Alpha Omega Alpha Medical Honors Society. Additionally, she is board-certified in dermatology and dermatopathology by the American Board of Dermatology (ABD). Located in Newton, MA, the ABD certifies physicians in dermatology, dermatopathology, and pediatric dermatology. Board-certified physicians are known as diplomates.

Dermatology is the branch of medicine dealing with the skin, nails, hair and its diseases. It is a specialty with both medical and surgical aspects. Dermatopathology, on the other hand, is a joint subspecialty of dermatology and pathology or surgical pathology that focuses on the study of cutaneous diseases at a microscopic and molecular level. As a dermatologist and dermatopathologist, Dr Obasi specializes in studying skin samples and diagnosing skin conditions. Her speciality interests include skin cancer diagnosis and treatment, women's health, cosmetic dermatology, ethnic skin dermatology (including pigmentary disorders), inflammatory skin conditions (including eczema/atopic dermatitis, lichen planus and psoriasis), cutaneous immunology (including connective tissue diseases and blistering diseases), as well as disorders of the external genitalia.
