

## Gettacar Launches an Online Car Buying Platform Giving the Consumer Back the Power

# gettacar

**Philadelphia, Apr 23, 2019 ([Issuewire.com](http://www.Issuewire.com))** - [Gettacar](#) is excited to announce the launch of a new direct-to-your door, online platform that enables consumers to buy, finance, and trade used cars. Offering a seamless process that is empowering and puts the customer in control, gettacar has a wide inventory of cars that are delivered right to the customers' door at terms that they choose.

Co-founders Yossi Levi and Jake Levin created gettacar in 2018, and drawing interest immediately, raised a series A in Venture Capital. “There is a huge opportunity to shake up the automotive industry and we’ve already seen a huge demand from consumers looking for an easy and accessible way to get in the driver’s seat without wasting hours at the dealership,” said Levi, CEO of gettacar. “We believe gettacar is the future of car buying.”

For the progressive, very busy, and on-the-go hard worker who values every dollar, gettacar is a convenient and personalized car buying experience. Because there is no storefront or salespeople, they are able to keep prices more affordable than a standard dealership. Gettacar also allows you to test drive upon delivery, and gives customers a 7 day period to decide if they want to keep the car or they can return or exchange it for free. Gettacar delivers within a 100 mile radius around the Greater Philadelphia region that includes PA, NJ, DE, and MD and is expanding to more markets in 2019.

Headquartered in Northeast Philadelphia, the company also has a 25,000 sq. ft industrial reconditioning center just minutes away from their offices. The center processes thousands of cars a month ensuring that each is inspected, tuned up mechanically and thoroughly detailed before hitting the gettacar website. The center has a temperature-controlled paint room that produces high quality finishings and a 360-degree photo booth for flawless picture taking.

Yossi Levi began his career in the auto industry at the age of 14 by cleaning cars at Danis Auto Sales, his father's used car lot located on Harbison Ave., Philadelphia. After graduating college, within 4 years as president of Danis Auto, Levi helped it grow from \$3M in sales to over \$30M. In 2018, Levi partnered with Levin, former Head of Marketing at goPuff, to launch gettacar.

#### About gettacar

Gettacar helps restore fun and confidence in the car buying experience by offering a direct-to-your-door, online platform that enables consumers to buy, finance, and trade used cars. Gettacar launched in 2018 offering transparency and empowerment in a car-buying experience.
