

Hussam Al Fakir, DDS, FRCD(c), Orthodontist with Village Orthodontics

Get to know Orthodontist Dr. Hussam Al Fakir, who serves the population of Canda, Ontario.

New York City, Apr 16, 2019 (Issuewire.com) - Fellowship Orthodontist Dr. Hussam Al Fakir currently practices with Village Orthodontics, with nearly a decade of experience in his field. Dr. Al Fakir's philosophy in life is to be a part of and to be a reason for other people's success and happiness.

Village Orthodontics is comprised of nine practice locations which all specialize in orthodontic solutions for children and adults. They provide their patients with A professional environment; Clear and simple communication explaining the importance of orthodontics and the treatment options available; Expert orthodontists and a team that is not only committed to the best outcome for your treatment plan, but genuinely love what they do; and The latest technology to properly diagnose and recommend the best treatment plan personally catered to you.

Dr. Al Fakir holds a Masters Degree in Orthodontics from the University of Alberta. He completed his Doctor of Dental Surgery (DDS) at Dalhousie University in Halifax, Nova Scotia. In addition, he has a diploma of Health Service Administration from Dalhousie University, which helped strengthen his

understanding of the importance of patient care and high-quality performance. Dr. Al Fakir's educational background combined with his experience helped him in dealing with patients and people of various ages. His clinical training paid special attention to the utmost current theories of facial and smile aesthetics and interceptive treatment.

He achieved his Fellowship in Orthodontics by the Royal College of Dentists in Canada and is a proud member of the Canadian Association of Orthodontists, Canadian Dental Association, American Association of Orthodontics, Alberta Dental Association and the Alberta Society of Orthodontics. Additionally, he is on the Board of Directors for the Union of Medical Relief Organizations Canada. He also serves as a clinical instructor in the Department of Clinical Dentistry at the University of Alberta.

Orthodontics is a specialty of dentistry that deals with the diagnosis, prevention, and correction of malpositioned teeth and jaws. An orthodontist is an expert who diagnoses and treats overbites, occlusions, misaligned teeth and jaws, and overcrowded mouths. If left untreated, all of these problems can grow worse over time.
