

KIDpedia Interactive Partners with AWE Learning on Launch of Platinum

Chester, Apr 23, 2019 (Issuewire.com) - AWE Acquisition, Inc. dba AWE Learning, is excited to announce its recent partnership with KIDpedia Interactive. Headquartered in Chester, Pennsylvania, AWE Learning is the leading provider of digital learning solutions for public libraries throughout the United States and Canada.

AWE Learning's newest products, Early Literacy Station™ Platinum, Bilingual Spanish Literacy Station Platinum, and AfterSchool Edge™ Platinum, each include more than 75 new software titles, spanning all STREAM subject areas (Science, Technology, Reading, Engineering, Arts, Math) for early learners. We are excited to offer KIDpedia Interactive's content on our Bilingual Spanish workstations. KIDpedia Interactive's flagship product, KIDpedia, integrates rich interactions with educational content designed to reinforce learning of the alphabet, shapes, numbers and colors at an early age in English (US and UK), French, Spanish and German.

Through AWE Learning's partnership with KIDpedia Interactive, their educational software titles will reach a larger audience and will positively impact early learners. KIDpedia Interactive's educational activities help young learners to build school readiness skills, lead them to be successful in the classroom, and in their future. German Garces, the CEO behind KIDpedia Interactive shared that "since 2010 his chief goal has been providing interactive and multilingual experiences to children with different backgrounds and families open to multi-cultural experiences."

AWE Learning President & CEO, Dr. Deborah B. Sorgi, said, "We are delighted to partner with KIDpedia Interactive. Companies like KIDpedia Interactive offer a variety of premier educational content for our target age group and markets. Learning doesn't only take place in the classroom. In today's global and connected world, critical skills are learned and mastered all day long. By addressing the foundational literacy skills of early learners, we're lowering the need for intervention programs. And we're giving every child access to unlimited opportunities to grow and connect. We have no doubt that young patrons everywhere will greatly enjoy interacting on these exciting new titles."
