

M. Pierre Pang, MD, Ophthalmologist with Pacific Eye Surgery Center, Inc.

Get to know Ophthalmologist Dr. M. Pierre Pang, who serves the population of Hawaii.

New York City, Apr 17, 2019 (Issuewire.com) - Dr Pang currently practices as an Ophthalmologist within his private practice, Pacific Eye Surgery Center, Inc. which is located in both Honolulu and Waipahu. Dr Pang uses state-of-the-art lasers for advanced cataracts and vitreoretinal surgery, and intraocular injections to visually rehabilitate patients afflicted with macular degeneration and diabetic retinopathy. He is also affiliated with the Queen's Medical Center, Pali Momi Medical Center, and the Kuakini Medical Center and is a faculty member of the John A. Burns School of Medicine. Additionally,

volunteers his time and medical care to the indigent territory of Guam.

Dr Pang graduated with his Medical Degree from the Tulane University School of Medicine in 1981, giving him over three decades of experience in his field. After obtaining his Medical Degree he completed his Ophthalmology residency with the Manhattan Eye, Ear and Throat Hospital. Wanting to further his training he then completed his Vitreoretinal Disease/Surgery fellowship with the University of Illinois at Chicago.

Ophthalmology is a branch of medicine and surgery that deals with the anatomy, physiology and diseases of the eyeball and orbit. An ophthalmologist is a specialist in medical and surgical eye disease. Eye surgery, also known as ocular surgery, is surgery performed on the eye or its adnexa by an ophthalmologist. The eye is a fragile organ, and requires extreme care before, during, and after a surgical procedure. An ophthalmologist is responsible for selecting the appropriate surgical procedure for the individual patient and taking the necessary safety precautions.
