

Matthew M. Kim, DDS, General Dentist with High Ridge Family Dental

Get to know General Dentist Dr. Matthew M. Kim who serves the population of Connecticut.

New York City, Apr 10, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Dr. Matthew Kim is a dentist currently practicing with his private practice High Ridge Family Dental. High Ridge Family Dental is a Stamford dental group that is committed to providing quality dentistry that is affordable for everyone, focused on providing their patients with the highest caliber of care possible no matter what the procedure is that they need to be

done. As a full-service Stamford dentist, they can do dental exams, zoom whitening, porcelain veneers, crowns, and much more.

Dr. Kim grew up in Manhattan and received his Bachelor's Degree in Chemistry from New York University. After graduation, Dr. Kim attended the New York University of Dentistry, where he received his Doctorate of Dental Surgery. He then attended residency in Veteran Hospital at East Orange, N.J. Dr. Kim is constantly working to further his dental knowledge by attending continuing education classes in excess of what the state board requires. Dr. Kim has attended advance implant training program at New York University-maxi course, United State Dental Institute for Orthodontic and several TMJ and Sleep courses to further his knowledge in Dental whole body treatment.

General dentists provide a wide array of services that are vital to patients' continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such as teeth whitening, cosmetic bonding – even porcelain veneers. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.
