New York City, Apr 29, 2019 (IssueWire.com) - Dr. Hatamian is an award-winning dentist who has been practicing dentistry since 2006. He is the Founder of Hatamian Dentistry - Toronto's premier family dental clinic with two locations in downtown and midtown Toronto. The dental clinic remains committed to the following principles: education, prevention, comprehensive, conservative, and convenience.

Dr. Hatamian and his team of professionals at Hatamian Dentistry provide services to patients of all ages, from young children experiencing their first dental visits, to teens, adults, and seniors. They provide comprehensive dental service while considering the unique needs of each individual patient.

Dr. Hatamian grew up in the City of Toronto, where he completed all of his post-secondary educations and training. He received his Bachelor of Science degree and his Doctor of Dental Surgery degree from the University of Toronto. During his training at Sunnybrook, Mount Sinai, and Toronto Public Health dental clinics, Dr. Hatamian treated patients of all ages who required basic dentistry, as well as attended to those with special needs, and attended to the care of seniors and children.

Dr. Hatamian has also completed post-graduate training and residencies in the following disciplines:

Implant dentistry: This specialty training has empowered him with skills and experience to place and restore dental implants on patients with single or multiple missing teeth.

Periodontal and advanced dental surgery: This advanced training has enabled Dr. Hatamian to treat patients with gum disease and those who need gum grafts or extractions including wisdom teeth.

Sedation Dentistry; Dr. Hatamian is certified to provide a variety of sedation options to nervous patients and to make them more relax and comfortable during any dental procedure.

Invisalign; A great alternative to conventional fixed braces, Dr. Hatamian's expertise has enabled him to treat many patients with crooked teeth and to restore their confidence to smile.

Cosmetic dentistry; from teeth whitening to full smile makeover, Dr. Hatamian is equipped with knowledge and experience to restore badly shaped and discolored teeth in his patients.

Occlusion and TMD; This extra training has enabled Dr. Hatamian to help his patients who suffer from the discomfort of TMJ (Temporo-Mandibular Joint) and to provide them with remedies.

Dr. Hatamian is very passionate about his work and identifies himself as a progressive dentist who stays up to date by participating in dental seminars and conventions, as well as by utilizing modern technologies and advances in his practices.

Dr. Hatamian is a member of the Royal College of Dental Surgeons of Ontario (RCDSO), and the Ontario Dental Association (ODA). He is also a Fellow of the Academy of General Dentistry (FAGD).

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. As a dentist, Dr. Hatamian enjoys all aspects of dental care - from preventative dentistry to more complex disciplines such as placing dental implants to replace missing teeth. He is also certified to provide a variety of sedation options to nervous patients in order to help them feel more relaxed and comfortable during any dental procedure.

Dr. Hatamian remains committed to reflecting the philosophy of his practice by educating his patients on

how to maintain a balanced lifestyle, as well as by encouraging them to attend to their dental care on a regular basis.

In his spare time, Dr. Hatamian enjoys spending time with his family, doing yoga, swimming, and listening to classical music.
