

wonderkind Partners with AWE Learning on Launch of Platinum

wonderkind

Chester, Apr 2, 2019 (Issuewire.com) - AWE Acquisition, Inc. dba AWE Learning, is excited to announce its recent partnership with wonderkind. Headquartered in Chester, Pennsylvania, AWE Learning is the leading provider of digital learning solutions for public libraries throughout the United States and Canada.

AWE Learning's newest products, Early Literacy Station™ Platinum, Bilingual Spanish Literacy Station Platinum, and AfterSchool Edge™ Platinum, each include more than 75 new software titles, spanning all STREAM subject areas (Science, Technology, Reading, Engineering, Arts, Math) for early learners. We are excited to have three (3) wonderkind titles our Platinum workstations: Puzzle Shapes, Tiny Builders, and Monster ABC. These titles will help to introduce children to colors and shapes, construction site materials and tasks, and literacy skills, including initial sounds.

Through AWE Learning's partnership with wonderkind, their educational software titles will reach a larger audience and will positively impact early learners. wonderkind GmbH's educational activities help young learners to build school readiness skills, lead them to be successful in the classroom, and in their future. "Our aim is to recommend every title to friends and family without hesitation and of course to give it to our own children. That's why we put this little extra effort into each concept and production," said Tim Kiener, CEO of wonderkind.

AWE Learning President & CEO, Dr. Deborah B. Sorgi, said, "We are delighted to partner with wonderkind. Companies like wonderkind offer a variety of premier educational content for our target age group and markets. Learning doesn't only take place in the classroom. In today's global and connected world, critical skills are learned and mastered all day long. By addressing the foundational literacy skills of early learners, we're lowering the need for intervention programs. And we're giving every child access to unlimited opportunities to grow and connect. We have no doubt that young patrons everywhere will greatly enjoy interacting on these exciting new titles."

About AWE Learning (<http://www.awelearning.com>)

AWE Learning provides comprehensive digital learning and early literacy solutions for young children in

public libraries across the United States. Our mission is to inspire an enthusiasm for learning by supporting school readiness and literacy in the community. Through our dedication to high quality, STREAM-aligned content that is easy to use, we collaborate with libraries to highlight their role as community leaders in the pursuit of learning.

About wonderkind (<https://www.wonderkind.de>)

wonderkind GmbH was founded in December 2010, by Tim Kiener. From the very first day, wonderkind has concerned itself closely with developing high-quality apps for children. Great importance is attached hereto child-oriented implementation and presenting the content in an appealing way. wonderkind's distinctive style is characterized by lovingly illustrated watercolors that bring the charm of printed children's books to modern technology.
