

## Yellow Door Ltd Partners with AWE Learning on Launch of Platinum

**Chester, Apr 3, 2019** ([Issuewire.com](http://www.Issuewire.com)) - AWE Acquisition, Inc. dba AWE Learning, is excited to announce its recent partnership with Yellow Door Ltd. Headquartered in Chester, Pennsylvania, AWE Learning is the leading provider of digital learning solutions for public libraries throughout the United States and Canada.

AWE Learning's newest products, Early Literacy Station™ Platinum, Bilingual Spanish Literacy Station Platinum, and AfterSchool Edge™ Platinum, each include more than 75 new software titles, spanning all STREAM subject areas (Science, Technology, Reading, Engineering, Arts, Math) for early learners. We

are excited to offer a variety of Yellow Door's interactive e-books on our Platinum workstations. The Yellow Door e-books offer children many ways to interact with favorite stories. Rhyme and song help children memorize the language patterns of the story and the related activities invite them to use rich story language as they play, interact, collaborate and investigate. Each title includes an interactive animated story, games, interactive non-fiction and the opportunity for children to retell the story.

Through AWE Learning's partnership with Yellow Door their educational software titles will reach a larger audience and will positively impact early learners. Yellow Door's educational activities help young learners to build school readiness skills, lead them to be successful in the classroom, and in their future. Yellow Door Founder and Managing Director, Carole Mills, said, "We are excited to be partnering with AWE Learning in order to reach a much broader audience with our interactive e-books and support the language and literacy development of children beyond the school environment."

AWE Learning President & CEO, Dr. Deborah B. Sorgi, said, "We are delighted to partner with Yellow Door. Companies like Yellow Door offer a variety of premier educational content for our target age group and markets. Learning doesn't only take place in the classroom. In today's global and connected world, critical skills are learned and mastered all day long. By addressing the foundational literacy skills of early learners, we're lowering the need for intervention programs. And we're giving every child access to unlimited opportunities to grow and connect. We have no doubt that young patrons everywhere will greatly enjoy interacting on these exciting new titles."
