High Price of Allergy Diagnostics Instruments

There are various tests that are carried out to determine the type of allergy and this helps in how a patient can be treated to get rid of these allergies. Skin testing is commonly used to test a plethora of allergic conditions. Furthermore, the treatment cost of allergy diagnosed patient goes out-of-pocket expense as it includes allergy diagnostic kits, medication and immunotherapy. Therefore, the high cost of the allergic treatment can hamper the growth of allergy diagnostics market.

Rapid Growth of the Asia Pacific Market

Asia Pacific is estimated to witness the highest CAGR with the growth centred at India, Japan and China during the forecast period. Increasing population, continuously growing economy and increasing awareness are expected to aid the growth of allergy diagnostics market in this region. Additionally, this region is expected to show the fastest growth due to increasing pollution in the environment. Some of the important factors for pushing market growth in Asia Pacific market are an improvement of research infrastructure and increase in the government investment in biotechnological, pharmaceutical and biomedical industries.

Major Players in the Allergy Diagnostics Market

Thermo Fisher Scientific Inc., Omega Diagnostics Group PLC, Hitachi Chemical Co., Ltd., R-Biopharm AG, Stallergenes Greer, Siemens AG, Danaher Corporation, Biomérieux SA, Hycor Biomedical, Inc., Lincoln Diagnostics, Inc. among others.

Table of Contents

• INTRODUCTION

- Market Definition
- Market Ecosystem
 - Market Classification
 - Geographic Scope
 - Years Considered for the Study: Historical Years – 2016 & 2017; Base Year – 2018; Forecasted Years – 2019 to 2030
- Currency Used

• RESEARCH METHODOLOGY

- Research Framework
- Data Collection Technique
- Data Sources
 - Secondary Sources
 - Primary Sources
- Market Estimation Methodology
 - Bottoms Up Approach
 - Top-Down Approach
- Data Validation and Triangulation
 - Market Forecasting Model
 - Limitations/Assumptions of the Study

• ABSTRACT OF THE STUDY

• MARKET DYNAMICS ASSESSMENT

- Overview
- Drivers
- Barriers/Challenges
- Opportunities

• UNIQUE SELLING PROPOSITIONS (USPs)

- Regulatory Landscape Assessment
- Technological Advancements
- Epidemiological Assessment, By Region

- **GLOBAL ALLERGY DIAGNOSTICS MARKET - ANALYSIS & FORECAST, BY PRODUCT & SERVICES**

- Assay Kits
- Consumables
- Instruments
 - Immunoassay Analyzers
 - ELISA Analyzers
 - Luminometers
 - Other Instruments
- Services

About Market Industry Reports-

Market Industry Reports is a global leader in market measurement & advisory services, Market Industry Reports is at the forefront of innovation to address the worldwide industry trends and opportunities. We identified the calibre of market dynamics & hence we excel in the areas of innovation and optimization, integrity, curiosity, customer and brand experience, and strategic business intelligence through our research.

We continue to pioneer state-of-the-art approach in research & analysis that makes the complex world simpler to stay ahead of the curve. By nurturing the perception of genius and optimized market intelligence we bring proficient contingency to our clients in the evolving world of technologies, megatrends and industry convergence. We empower and inspire Vanguards to fuel and shape their business to build and grow world-class consumer products.
