THE GAMES THEY PLAY

JACK
KASSINGER

Pittsburg, May 26, 2019 (Issuewire.com) - New York City, NY—The shining gleaming world that we know hides powerful secrets that could tear entire nations apart, played like a game by forces that have little trust for each other. And this is what Jack Kassinger explores in his newest novel, [*The Games They Play*](#).

Building on the world established in his earlier novels *Noble Cause: A CIA Spy Thriller*, *Storms Over Zimbabwe*, *The Hunt for Njonjo*, and *Pursued*, among others, this novel inspired by the author's own life and experiences delivers more of the suspense, drama, and high stakes that Kassinger fans have come to love.

In *Games*, CIA operative Mike Shocklee is sent to abduct the Russian scientist who's invented new submarine stealth technology that's given Russia the advantage in the global intelligence race. Now Shocklee must keep Dr. Mauldin alive and safe at all cost while the Russian government is hot on his heels.

Jack Kassinger is a former US Marine and retired CIA operative who spent 26 years in the field. Today he lives with his wife, Cherie, in Fair Oaks Ranch, Texas, where he plays both golf and the guitar. When not writing spy capers, he also writes his own songs.

Jack's work will be exhibited at the BookExpo + BookCon 2019, to be held at the Jacob Javits Center, New York City, this coming May 29 to 31 and June 1 and 2, 2019, at the Authors Press Booth # 1667.
