Dr Thomas is board-certified in surgery by the American Board of Surgery (ABS). The ABS is an independent, nonprofit organization founded in 1937 to provide board certification to individuals who have met a defined standard of education, training and knowledge in the field of surgery. Board certification by the ABS is a voluntary process that demonstrates a surgeon's commitment to professionalism, lifelong learning, and quality patient care.

Dr Thomas is a Fellow of the American College of Physicians, as well as a Fellow of the American College of Clinical Pharmacy.

Dr Thomas attributes his success to having luck and enjoying what he does.

Thoracic surgery refers to operations on organs in the chest, including the heart, lungs and oesophagus. Vascular surgery is a surgical subspecialty in which diseases of the vascular system, or arteries, veins and lymphatic circulation, are managed by medical therapy, minimally-invasive catheter procedures, and surgical reconstruction. General surgery is a surgical specialty that focuses on abdominal contents including the oesophagus, stomach, small bowel, colon, liver, pancreas, gallbladder, appendix and bile ducts, and often the thyroid gland. As a thoracic, vascular and general surgeon, Dr Thomas remains dedicated to delivering the best outcome possible for every patient.
