

Phonexa Earns a High Performer Badge by the Leading B2B Review Site G2 Crowd

Phonexa was awarded G2 Crowd High Performer Badge due to its positive reviews and high level of customer satisfaction

Glendale, May 9, 2019 (www.issuewire.com) - Phonexa, a Software as a Service (SaaS) solutions provider, has received a High Performer Badge this spring in the [call tracking software](#) category by the leading B2B Reviews platform – G2 Crowd!

[Phonexa receives this High Performer Badge based on its 4.8 star ratings on G2 Crowd](#) which was calculated from the user reviews. These reviews highlight the software's ease of use and navigation, call tracking and analytics capabilities, granular reporting, and exceptional customer support. Many users stated that the call tracking software helped them get insights into their calls and marketing campaigns, improving their ROI.

G2 Crowd collects unbiased reviews from the customers who are actually using the software or tools. Users are asked questions about their experience while they post the reviews. These verified reviews give real and genuine software insights to potential customers and help them compare various software and tools so that they can choose the best one according to their needs.

"It feels great to receive High Performer Badge based on our customers' positive reviews," said David Gasparyan, President, and CEO of Phonexa. "This validates that our software is meeting and exceeding the expectations of our customers. We continue to improve the software based on the feedback received from our existing customers."
