

Sylvan Ply Offers the Best Plywood of All Sizes for Residential & Commercial Construction

kolkata, May 19, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Sylvan Ply is a reputed [plywood manufacturer](#) offering plywood of different sizes of the best quality at best prices. Quality product of this company can transform the interior of any place, both commercial and residential, into work of art.

Sylvan Ply offers a diverse range of waterproof, borer-proof and termite-proof plywoods for all kinds of

construction works. Their products are long-lasting, durable, hard-wearing and sturdy. The best feature of the plywood of Sylvan Ply is that they provide flexible design. The quality of ply is such that they allow complex, intricate and acute design. Thus, customers can now change the interior with this flexible plywood. They also come with lifelong warranty and excellent after-sales support.

Sylvan Ply is a renowned manufacturer of square sheets and pressed wood suited for all kinds of needs. This company produces premium quality plywood from A+ timber. The ply undergoes stringent 5 step additive treatment that makes it borer and termite free. The ply is available in all sizes. Thus, clients can now get ply sheets of any dimension suited to their needs.

Compressed wood from Sylvan Ply does not have any twist and they are of high dimensional strength. They have such qualities because they are produced from 100% hardwood. Sylvan Ply is one of the few companies that give lifetime assurance of its products.
