

Business Growth Prompts Interlink Cloud Advisors' Relocation to a Larger Home Office

With a rapidly growing team and steadily increasing sales, Interlink upgrades to a larger building in the Deerfield area.

Cincinnati, Jun 6, 2019 ([Issuewire.com](http://www.Issuewire.com)) - After six years in Blue Ash where Interlink first took off, the

time has come for the tech company to move on to bigger and better things. Digital transformations continue to change the world of technology and with the popularity of the Microsoft Cloud growing – combined with Interlink’s success with satisfied clients-- Interlink is riding the wave of cloud technologies. After a record year in sales, a growing client base and an expanding team, Interlink’s management decided it was time to move to a bigger office to accommodate more employees and room for future growth. After Monday, June 3rd of 2019, Interlink Cloud Advisors will officially be a Deerfield Township company located at 3510 Irwin Simpson Road.

Focusing on Cloud strategy, Microsoft technologies, and implementations, Interlink works with clients all over Ohio, and in the “Great Lakes” region including Kentucky, Michigan, and Tennessee. Their home office has always been in Cincinnati where the company got its start.

Previously located on Cornell Road, Interlink is upgrading from 4,026 square feet to 11,500 square footage in the new office. The big move brings a lot of positives including the much-needed additional workspace. The new building has larger conference rooms, additional offices and more collaborative space for the team.

“Our team is excited to continue our growth from our new Deerfield Township home. We plan to be active in the community and continue to hire the best and brightest,” says Interlink’s President, Matt Scherocman.

In the past year, Interlink has brought on eleven new employees to expand both current and new areas of the business. As a 2018 Best Places to Work finalist and Innovation and Technology Award 2019 Nominee, Interlink is always looking to grow and improve as a team; family values and teamwork are major priorities.

A good work-life balance has always been a top priority in Interlink’s company culture – the company holds monthly events for its employees engaging in happy hours, go-karting, escape rooms, sporting events and more. Interlink takes pride in providing a balanced workplace and a positive atmosphere; Interlink offers its employees numerous benefits, flexible work schedules, and a fun environment that they plan to carry over into the new building.

Interlink is especially excited about being welcomed into the Deerfield community. Interlink’s team has always taken a special interest in their neighborhood, sponsoring and attending events like the Butterfly Walk & 5K for CancerFree Kids and the Mason TRI-Umphant Triathlon supporting the inclusive playground in Mason.

About Interlink Cloud Advisors

Interlink is a gold partner of Microsoft and their focus is to provide exceptional support and solutions around Microsoft-based technologies and implementations. The organization focuses on the corporate market with extensive knowledge in security, compliance, cloud infrastructure, collaboration and teamwork, and managed services.

With extensive knowledge and expertise, Interlink educates and assists clients through their implementations while improving their security posture. What makes Interlink stand apart is how they coach clients through the complexities of Microsoft, including their licensing rules, bundled offerings, incentives, and funding programs. Interlink works as a partner to educate and guide so that customers avoid overpaying for licensing or purchasing unneeded technologies.

With clients ranging from Meridian Bioscience to the Cincinnati Museum Center to the Detroit Pistons – Interlink focuses on being productive, knowledgeable and dedicated to their customers.

“I can’t thank Interlink enough for all they have done for us over the last year and a half and for what they will continue to do for us in the future. We would not have survived the moves to temp facilities nor been able to keep things running without them!” says Jill Berkemeier, Cincinnati Museum Center’s Chief Financial Officer.
