Location: <http://2Daysof2e.com>

Note: Sessions remain accessible online through April 2020.

The [2019 2 Days of 2e Virtual Conference](http://2Daysof2e.com) brings together 12 renowned experts and thought leaders to discuss topics ranging from emotion regulation, social thinking, and trauma, to learning styles, classroom regulation, and teaching strategies. "I really appreciated the reminder of what school is like for 2e students, and why it is so important that they have teachers who see their gifts, their strengths, and their potential. Even though we as educators are pulled in so many directions, we cannot afford to lose this population. We owe it to them to consider creative approaches to engage them in learning." - 2018 conference participant

This year the conference will feature two keynote speakers: Julie Skolnick, M.A., J.D., founder of With Understanding Comes Calm, LLC, passionately guides parents of gifted and distractible children, mentors 2e adults, and advises educators and professionals on bringing out the best and raising self-esteem in their students and clients. Julie will give the opening keynote, "Understanding and Addressing Emotion Regulation in 2e Children." LeDerick Horne, spoken-word poet, advocate for all people with disabilities, and motivational speaker, will close the conference with "Beyond Classification," a keynote that offers strategies for increasing the academic performance, self-determination, and self-advocacy skills of students with and without disabilities.

In addition to our keynote speakers, 2 Days of 2e attendees will have the opportunity to access 10 sessions featuring the following world-class thought leaders, educators, and clinicians: Joanna Haase, Ph.D., MFT; Dr. Richard M. Cash, Ed.D.; Paul Beljan, Psy.D., ABPdN, ABN; Joy Lawson Davis, Ed.D.; Don Ambrose, PhD; Deborah Reber, M.A.; Josh Shaine; Femke Hovinga, M.A.; Maria Johnson, M.A. CCC-SLP; and Greg Burnham, M.S.
