

Tonor Launches a Giveaway for Its New Release “TW820 UHF Wireless Microphone”

San Francisco, Jun 20, 2019 (Issuewire.com) - *All-time best sellers of microphones 'Tonor' is pleased to announce to the general public about the launch of its big giveaway program which will give five lucky winners a chance to own one of their latest Dual Wireless Microphone. The [giveaway](#) is slated to kick off on June 20th-25th, 2019. Don't miss out!!*

Tonor has been the most trusted and all-time best sellers of quality microphones earlier announced today about their giveaway program where they will give five lucky winners an opportunity to own of their new TW820 UHF Wireless Microphone valued at \$119.99. In a recent press interview, the CEO of Tonor said "We decided to run a giveaway just to show how the company loves giving back to the society because without them we wouldn't be where we are today. This will showcase what the brand truly stands for".

The Tonor TW820 UHF Wireless Microphone giveaway will start tomorrow. To enter, you can visit the brand website and fill out the entry. Any residents of the USA who are 18+ can enter to win. The five lucky winners will be selected on June 26, 2019. "The lucky winners will get a TW820 UHF Wireless Microphone," said Spokesperson of Tonor.

The Giveaway will run on their website as well as on social media - [Instagram](#), [Facebook](#). This significant milestone achievement will bolster their service flexibility and overall effectiveness to their customers. Tonor TW820 UHF Wireless Microphone has already earned a place in the hearts of consumer's selection in 2019.

Some amazing features of the Tonor TW820 UHF Wireless Microphone are highlighted below as follows:

Clear & Pristine Sound Quality - Built-in high-quality chip and advanced digital decoding technology ensure sound more clear and perfect for karaoke, party, performance, church activities, family reunion, wedding, conference, etc.

Stable Signal - High-grade crystal oscillator is adapted to ensure accurate frequency adjustment and stable signal transferring, so that uninterrupted signal in important events is guaranteed. Up to 15 sets of the device can be used simultaneously.

Easy to Operate - After connecting, mics and receiver will match automatically, no other operation is needed. Tonor Wireless microphone makes it simple to get great sound out of a dependable wireless system.

Sturdy & Durable Material – Built-in steel mesh grille which is particularly resistant to impact and corrosion. The metal receiving box is designed with an LCD display screen, frequency, signal, battery level, and other information is clearly at a glance.

With what has been heard so far the new Tonor TW820 UHF Wireless Microphone is shaping up brilliantly to be one of the biggest product that will hit the market this year.
