

## **Bianca J. Vazquez, MD, FACS, Endocrine/General Surgeon with Arizona Thyroid & Parathyroid Surgery**

Get to know Endocrine/General Surgeon Dr. Bianca J. Vazquez, who serves patients in Scottsdale, Arizona.

**New York City, Jul 25, 2019 ([IssueWire.com](http://IssueWire.com))** - Dr Vazquez is a fellowship-trained endocrine and board-certified general surgeon who is currently serving patients at Arizona Thyroid & Parathyroid Surgery in Scottsdale, Arizona. “It’s our most fundamental mission to deliver specialty concierge-like care to those suffering from disorders of the thyroid, parathyroid & adrenal glands” as stated on the practice’s website.

Dr Vazquez is also affiliated with Chandler Regional Medical Center, HonorHealth Scottsdale Shea Medical Center, and Mercy Gilbert Medical Center. Dr Vazquez earned her medical degree from the Ponce School of Medicine in 2005. She then went on to complete her residency at the University of Texas Health Science Center at San Antonio, followed by her fellowship at the Mayo Clinic in Rochester, Minnesota. She has been in practice for nine years.

Dr Vazquez is board-certified in surgery by the American Board of Surgery, which is an independent, nonprofit organization founded in 1937 to provide board certification to individuals who have met the highest standards of education, training, and knowledge in the field of surgery.

Dr Vazquez is a Fellow of the American College of Surgeons. FACS is a post-nominal title used to indicate that the surgeon’s education and training, professional qualifications, surgical competence, and ethical conduct have passed a rigorous evaluation, and have been found to be consistent with the high standards established and demanded by the said college.

Endocrine surgery is a surgical subspecialty that focuses on the diagnosis and treatment of benign and malignant disorders of the thyroid, parathyroid, pancreas and adrenal glands. As a general surgeon, Dr Vazquez can also perform a wide range of abdominal surgeries for many forms of intestinal and abdominal wall neoplasms, hernias, gallbladder disease, gastric and pancreatic disease. She follows her patients from the initial preoperative evaluation and surgical recovery all the way to outpatient post-surgical care.
