

Free Indian Matrimony Launches A Free Matchmaking Platform for The Indians

Free Indian Matrimony has introduced a new and free matchmaking platform for the Indians. The startup has a revenue model to sell ads to businesses targeting Indians in India and abroad.

New Delhi, Jul 4, 2019 (Issuewire.com) - [Free Indian Matrimony](#) has launched a new and free platform for bachelors to find the right person to spend their lives with. You don't need to pay to find the best match to start your life.

In the past, people have limited choice and has to nod on the choices of their parents. The marriages were often dependent on relatives and friends which is why the choice was limited. The marriages were fixed by the relatives least importance to the agreement of the bride and groom. This is what created problems in later lives. Today, everything is there on the internet. A person just needs to click and thousands of related results will flash within nanoseconds. Then why not use it as a platform to search your better half.

Free Indian Matrimony has created a website on which you can search the best match for yourself. You can filter your partner according to your preference. Most of the other matrimonial sites charge you a bank to get the services of their website but Free Indian Matrimony offers all of it at zero cost.

About Free Indian Matrimony:

Free Indian Matrimony is a website on which you can choose your partner for life for free. The website has an ocean of profiles so that you can actually choose the best for yourself. You can use the services

of the website for free until your marriage is fixed. Currently, the website has more than 10 lakh profiles to select from. The company has successfully completed more than thirty thousand marriages until today. For more information, please visit <https://www.freeindianmatrimony.com/>
