

Plural Technology announces the opening of a New office in Hyderabad

Hyderabad, Jul 18, 2019 (Issuewire.com) - Plural Technology is delighted to announce the opening of our new office in Hitech City, Hyderabad. The decision to open a bigger and better facility will enable us to respond effectively to the growing demands of our customers and Partners to provide Digital and Technical IT Solutions.

This new facility is located in proximity to some of the World's leading High-tech companies. This year we opened our office in Norway as well to serve European and UK customers.

"The decision to open an office in Norway, Europe followed by a bigger facility in Hyderabad is a strategic business move to serve customers and partners globally. The new facility in Hyderabad will definitely strengthen our Software Service and Product Development capabilities." Said Sunil Savaram, CEO, Plural Technology.
