New York City, Jul 5, 2019 (Issuewire.com) - Dr Daney is a dentist who is currently serving patients' dental needs at Care Soft Dental in Rockville, Maryland. Care Soft Dental provides a wide variety of dental services and procedures to address all of patients' dental health needs. By combining quality patient care with up-to-date technology, Dr. Daney and her staff are able to treat patients of all ages in a comfortable and relaxing setting.

Dr Daney is gentle and patient in her treatment of children and adults alike, which is why her patients often call her “Dr Gentle”.

Dr Daney originally graduated from Madras Dental College in India with a Bachelor of Dental Surgery degree in 1992. She later came to the United States and attended Boston University – Henry M. Goldman School of Dental Medicine, earning her Doctor of Medicine in Dentistry degree in 1997. She has been in private practice in Maryland since.

Dr Daney is a member of the Maryland State Dental Association (MSDA). The MSDA represents the dental profession's efforts to provide high quality and ethical oral health care to the public. It is the professional association for dentists in the state of Maryland, and a constituent of the American Dental Association.

Over the past several years, Dr Daney has attended many seminars and other continuing education courses in order to stay current on advances in the field of dentistry. She has dedicated herself to the art and science of general and cosmetic dentistry to help her patients receive the smile of their dreams. She also keeps her patients best interest in mind and treats each and every one of them with kindness and compassion.

Dr Daney aligns with in-house experienced specialists and specialists in the area, collaborating on treatment strategies for each patient. She writes out specific objectives prior to every referral to a specialist. Then, she and the specialist work together to create the best treatment for each patient. In her spare time, Dr. Daney enjoys teaching and playing with her two daughters, being a loving mother and wife, and watching movies.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. As a dentist, Dr Daney is responsible for diagnosing oral diseases, as well as promoting oral health and disease prevention. Additionally, she looks for abnormalities within the mouth such as lumps, swelling or discolouration, and performs necessary diagnostic procedures to diagnose and treat these abnormalities.
