Stuart, Aug 29, 2019 ([Issuewire.com](http://www.Issuewire.com)) - [ABJ Services Website Design & Digital Marketing Agency](#) in Stuart Florida announces new \$97 WordPress Website Design Program for Local Businesses near the Treasure Coast of Florida.

[ABJ Services Website Design & Digital Marketing Agency](#) specializes in Website Design, Google My Business, Social Media Marketing, SEO, Online Reviews, Email Marketing, Video Creation & Greeting Card Marketing.

Based in Stuart, FL and serving Martin County, St. Lucie County & Indian River County, ABJ Services is focused and helping Local Businesses with Website Design & Digital Marketing.

The \$97 WordPress Website Design Program is focused on helping Local Business create more website clicks, more phone calls, and more business revenue.

"We run business searches every day in our local market looking at websites and we are amazed at how many local businesses just don't have good websites. We see a lot of self-built sites that are not built well, poor SEO, poor mobile presentation. Many businesses are just using Social Media platforms like Facebook as their business Website, many don't even have their Google My Business account set up." - Arlen Bento Jr. ABJ Services Owner

For this reason, the [ABJ Services Website Design & Marketing Agency](#) has made having a professional WordPress Website Design affordable for every business owner.

For just \$97, a business can choose from over 100+ Website Design niches. Each Website Design is custom built with a "See Before You Buy" option which allows a business to get a feel for what their finished Website Design is going to look like when completed.

\$97 Website Design Program requires an annual \$25 per month secure hosting fee. Each hosting account includes Security (SSL), Customer Relationship Management (CRM), Premium Website Tools & Monthly Reports (WPMUDEV).

All \$97 Website Designs are fully customizable and can grow in scale. "Start Small & Grow" is a mantra that [ABJ Services Website Design & Digital Marketing Agency](#) uses to describe the \$97 Website Design Program.

[ABJ Services Website Design & Digital Marketing Agency](#) offers a **Free "See Before You Buy"** Website Design, **Free Google My Business Analysis** Report and a **Free SEO Analysis** Report for any business that is interested in the \$97 Website Design Program.
