

Babak Moeinolmolki, MD, FACS, a Plastic Surgeon with Moein Surgical Arts / Healthy Life Bariatrics

Get to know Plastic Surgeon Dr. Babak Moeinolmolki, who serves patients in Los Angeles, California.

New York City, Aug 24, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr. Moeinmolki is a top-rated plastic surgeon. He is

one of the very few surgeons in the country that is dual fellowship-trained in minimally invasive surgery, as well as cosmetic aesthetic and body contouring surgery. He is the only surgeon in Southern California with such qualifications. This combination of training offers a significant advantage to his patients during their assessment and surgical planning. It also makes Dr. Moeinolmolki uniquely qualified among his colleagues to meet the cosmetic needs of patients.

Dr. Moeinolmolki is currently serving patients at Moein Surgical Arts in Los Angeles, California. He utilizes the most advanced techniques and technology to perform both surgical and nonsurgical body contouring procedures at Moein Surgical Arts. Doing so, he helps his patients achieve the body of their dreams.

Dr. Moeinolmolki is also serving patients at Healthy Life Bariatrics in Los Angeles. Healthy Life Bariatrics is a bariatric weight loss surgery and cosmetic body contouring center with three locations in Los Angeles, including Glendale, Encino, and Century City, California. There, Dr. Moeinolmolki offers a variety of bariatric treatments, including medication, noninvasive procedures like gastric balloon, and minimally invasive weight loss surgery like sleeve gastrectomy. With proven weight loss treatments and body sculpting, he helps his patients achieve greater energy, improved body confidence, and healthier living.

Dr. Moeinolmolki is a native to Los Angeles, completing high school at Calabasas High School in 1988. He attended the University of California, Los Angeles (UCLA) where he received a Service Excellence Award for his volunteer work at the UCLA Medical Center while completing both his bachelor's and master's degrees in microbiology and molecular genetics. He earned his medical degree from the George Washington University School of Medicine. He then went on to complete an intensive surgery internship at the University of Maryland Shock Trauma Center in Baltimore, subsequently completing his residency in general surgery at the prestigious Georgetown University Medical Center in 2004.

Dr. Moeinolmolki's keen interest in minimally invasive surgery then prompted him to complete a fellowship in laparoscopic and bariatric surgery at the Albert Einstein School of Medicine, Montefiore Hospital in New York City. Following this, he practiced for 8 years at Greater Baltimore Medical Center where he performed over 2000 minimally invasive procedures and surgeries as an attending surgeon. During this period, Dr. Moeinolmolki developed a thorough understanding of the cosmetic needs of his post-weight loss surgery patients and developed a plan for creating one of the most comprehensive cosmetic and minimally invasive weight-loss surgical programs in the country.

Dr. Moeinolmolki's passion for aesthetic balance and his keen understanding of artistic beauty prompted him to pursue a second fellowship - this time in cosmetic surgery. During this fellowship, he performed over 1400 advanced cosmetic plastic surgeries. He had the distinct opportunity to train under the world-renowned surgeon, Angelo Cuzalina, MD.

Dr. Moeinolmolki is board-certified in general surgery by the American Board of Surgery (ABS). The ABS is an independent, nonprofit organization founded in 1937 to provide board certification to individuals who have met a defined standard of education, training, and knowledge in the field of surgery. Additionally, Dr. Moeinolmolki is a Fellow of the American College of Surgeons and a Diplomate of the American Board of Cosmetic Surgery.

Plastic surgery is a surgical specialty involving the restoration, reconstruction or alteration of the human body. It can be divided into two categories. The first is reconstructive surgery, which includes craniofacial surgery, hand surgery, microsurgery, and the treatment of burns. The other is cosmetic or aesthetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical

procedures, and they use a variety of reparative and reconstructive techniques to get the job done.

Dr. Moeinolmolki is an artist at heart with a passion for the science behind human beauty and rejuvenation. He is an avid photographer with an amazing eye for human beauty and proportions. His ability to listen to his patients' needs and provide the right balance between surgical safety and cosmetic goals is at the core of his philosophy. Dr. Moeinolmolki's qualifications, background, and expertise allow him to offer his patients a unique set of skills that will assure unsurpassed aesthetic results through his compassionate hands and extensive training.

In addition to English, Dr. Moeinolmolki speaks Spanish, Russian, and Farsi.
