

Dr. Farah Talib Combines Quality Patient Care with Up-To-Date Dental Technology

This Press Release is written to inform the readers that Dr. Farah Talib combines quality patient care with up-to-date dental technology

Houston, Aug 9, 2019 (Issuewire.com) - Keeping your teeth strong and healthy becomes more challenging as you age – your teeth decay, enamel wears down, & before you realize, you find yourself with a serious oral health issue. Visiting a dental professional helps you understand how you can take care of your teeth as they change over time.

If you are in Texas, **Dr Farah Talib, DMD** is one of the dentists you can trust with your dental care needs. Working with three of the most well-known dental clinics in Texas, namely - Zara Dental, Angleton Family Dental, and Bay Side Dental; Dr Farah is known for combining patient care with up-to-date technology. Whether you have a small dental issue such as plaque or cavities or are struggling with

a serious problem that needs emergency care, such as constant toothache, soft tissue laceration, broken tooth, dislocated jaw, abscess, etc. – Dr Farah has you covered!

Dr Farah Talib, DMD is committed to providing each of her patients the best possible treatment in a comfortable and welcoming setting where they are cared for just like family. She understands that patients often feel anxious during a dental visit, and hence she takes the time to patiently listen to all their concerns and helps them understand exactly what their dental procedure is going to be like. With her dental expertise, she has been able to help a number of people achieve the confident, healthy, and beautiful smile they deserve.

About Dr Farah Talib, DMD

Dr Farah Talib received her **DMD** degree from the University of Illinois at Chicago. Later, she decided to move to Houston. At present, she is working with three leading dental clinics in Texas – Zara Dental, Angleton Family Dental, and Bay Side Dental where she provides comprehensive and affordable dental care services. The different dental care services include preventive care, dental exams, fillings, silver filling replacement, root canal, teeth whitening, dental bridges, dentures, crowns, extractions, and more.
