

## Dr. John W. Ballrick, DDS, an Orthodontist with Ballrick Orthodontics

Get to know Orthodontist Dr. John W. Ballrick, who serves patients in Fairview Park and Westlake, Ohio.

**New York City, Aug 20, 2019 ([IssueWire.com](http://www.IssueWire.com))** - Dr. Ballrick is an orthodontist who is currently serving patients' dental needs at Ballrick Orthodontics in Fairview Park and Westlake, Ohio. The state-of-the-art offices combine comfort and advanced orthodontic care, making each patient's smile a top priority. Dr. Ballrick provides patients with leading-edge technology in orthodontics while emphasizing personalized patient care in a kind and friendly environment. He shares a strong devotion to evidence-based research in orthodontics and the utilization of contemporary orthodontic resources and techniques. His dedication to his patients remains foremost and his commitment to excellence remains uncompromised.

Dr. Ballrick followed in the footsteps of his father, Dr. James W. Ballrick, who has practiced orthodontics since 1971. He graduated Summa Cum Laude from The Ohio State University College of Dentistry with his Doctor of Dental Surgery degree. He then went on to earn his advanced specialty degree in orthodontics from Case Western Reserve University.

Dr. Ballrick's research on advanced 3D imaging has been published in the American Journal of Orthodontics and Dentofacial Orthopedics. In addition, he has earned numerous awards and achievements, including The Dr. Robert E. Lauer Award for outstanding performance in the dental anatomy program, The William S. Kramer Award of Excellence, and The Orville E. Russell Award of Excellence - among several others.

Dr. Ballrick is a member of the Omicron Kappa Upsilon National Dental Honor Society. To validate his commitment to orthodontics, he also holds memberships with the American Association of Orthodontists and the World Federation of Orthodontists.

Dr. Ballrick works with the second year orthodontic residents in the Department of Orthodontics at Case Western Reserve University to provide private practice rotations and instruction.

Orthodontics and dentofacial orthopedics, formerly referred to as orthodontia, is a specialty of dentistry that deals with the diagnosis, prevention, and correction of malpositioned teeth and jaws. As an orthodontist, Dr. Ballrick is responsible for locating problems with the positioning of patients' teeth and with their oral development. With such fervent dedication to academic excellence and professional growth, he is poised to apply his combined knowledge, skills, and experience, and thus provide patients with exceptional personal care and superb orthodontic results.
