

Ladonna Valencia, RN, Registered Nurse with Parkside - American Behavioral Health Systems

Get to know Registered Nurse Ladonna Valencia, who serves patients in Wenatchee, Washington.

New York City, Aug 5, 2019 ([IssueWire.com](https://www.issuewire.com)) - Ladonna is a registered nurse who has over 30 years of experience in her field. She is currently affiliated with Parkside - American Behavioral Health Systems (ABHS) in Wenatchee, Washington. Established in 1997, ABHS is the largest private provider of substance abuse treatment services in the state of Washington. It exists for the purpose of serving those in need of behavioural health intervention in order to regain effective control of their lives.

The ABHS staff believe that most individuals have the ability to overcome their personal difficulties but often are in need of guidance and counselling in order to successfully reach this goal. Through continued assessment, counselling and education, they strive to address the needs of all clients admitted to the program. Above all, the ABHS staff are dedicated to providing quality and comprehensive counselling in an environment conducive to treating each individual with dignity and respect. Ladonna attributes her success to her ability to train and help others in healthcare. In 1991, she earned her Bachelor of Science in Nursing degree.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfil a variety of job duties. In addition to the primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
