

Book Hotels on the Go with the New Travoline Hotel Booking App

Travoline releases its new android mobile app to enable customers book hotels, car rentals and flights via a simple easy to use hotel booking app.

New York City, Sep 9, 2019 (IssueWire.com) - Travoline, one of the leading hotels booking websites, has launched its Android Mobile App to make it more convenient for customers to book hotels, flights and car rentals on the go. Travoline [hotel booking app](#) is available on Google Play Store for the customers to download.

With the advancement in technology its important to cater to the customers with the latest tech that would enable travellers book hotels, car rentals and flights much easier. Now, most of the travel itinerary including flights, rental cars and hotel stay are booked via online reservation. This gives the convenience to go through the hotel pictures, reviews, check the proximity of the hotel from the airport and many more attributes to choose the right hotels.

Now there are four different ways the customers book the hotels. One is via visiting the hotel directly, secondly using the online hotel booking websites, third is by opting for a travel agency and now fourthly using a mobile hotel booking app. With the advancement and cutting-edge technology, booking hotels online and via the app is getting more popular day by day.

“To ease the process, Travoline has designed its web-based hotel booking app to serve the customers across the globe. It’s an utmost important focus for us in providing a user-friendly design and fair market prices to our existing and new customers,” said Nishanthi, Managing Director of Travoline. “The app will benefit the travellers making it possible to book hotels available in real-time and providing instant hotel confirmation. Meanwhile, customers also can check and cancel the reservation with just a few simple steps.” She added.

Travoline will make life easy for travelers, who wish to travel to different places without prior booking. They can search for hotels in the location they prefer in just a few minutes and reserve the hotel.

Travoline hotel booking app is now available on Google Play Store for Android OS. Soon a version will be launched for the iPhone users as well.
